PROJECTS

PERSONAL PORTFOLIO WEBPAGE

DESCRIPTION

Designed and developed a personal portfolio webpage using HTML and CSS. The webpage serves as a showcase of my skills, projects, and interests. It incorporates clean, responsive design principles and demonstrates proficiency in front-end web development.

KEY ACHIEVEMENTS:

Created a visually appealing and user-friendly layout.
Utilized HTML to structure content and CSS for styling and responsiveness.
Showcased my projects, skills, and passion for photography.
